Effect of the library building program announcement can be seen across the street from the proposed E. Fourth St. site.

The Full Gospel Tabernacle is receiving a complete remodeling inside and out in a considerable expansion program. Brickwork is now going up along walls of the enlarged church.

Rev. H. M. Bowley, pastor of the church, told The Herald the other day that he saw the need for improvement and was convinced of it when the proposed library model was unveiled.

Though not wholly the motivating factor, he said, it helped his church decide that they must improve, to grow with the times. And they are doing it, courageously enough with only a small congregation.

104-104-104

Dr. I. W. Oliver, pastor of Austin's Highland Baptist Church and Chaplain of the Texas House of Representatives, addressed Cameron Rotarians Wednesday.

A college friend of now-speaker of the House Byron Tunnell, Dr. Oliver discussed his unique Chaplain's role in a Texas House he described "as fortunate to have as many high-caliber men among its membership as it does."

He said he believed Tunnell's leadership and the work of the past session of the Texas House will go down in history as among the finest. Rep. Milton Schiller introduced Dr. Oliver.

Services Held For

Mrs. J. Downey

Funeral services were held for Mrs. J. T. Downey, 45, of Milano who died November 20. Services were held November 21, 1963 in the Friendship Baptist Church, where she was a member with the Rev. James Barnett officiating. Burial was in the Grosbeck Cemetery at Grosbeck.

Survivors include her husband; seven daughters, Mrs. Dorothy Little and Mrs. Dora Lou Wilson of Waco and Miss Martha Downey, Linda Downey, Kathy Downey, all of Milano. Also six sons, Jack, Billy, Ray, James, Glen "Butch" and Jerry Downey, all of Milano.

Oscar Cook Trial To Start Monday

Selection of a 12-man jury will begin Monday, in Milam District Courtroom, to hear the murder trial of Oscar F. Cook, 23, of Rogers.

Cook is charged with shooting to death Mrs. Dan Crow in her home in Davilla on May 14.

District Judge John Patterson of Marlin, who serves the 82nd District, will try the case.

He has scheduled Mondays court session to begin at 9 a.m. when selection of the jury will get under way, said the officials said.

20 SUMMONED

A special venire of 200 persons has been summoned to be examined by the prosecution and defense attorneys. Officials said that 75 have been called to appear on Monday, another 75 on Tuesday and 50 prospective jurors on Wednesday.

Judge Patterson has appointed Jack Welch and Robert Peterson, both Marlin attorneys, to act as defense counsel.

District County Attorney John Henderson Jr. will prosecute the case. He will be assisted by Jack Prescott, former Milam County Attorney, now of Temple, who handled the preliminary investigation.

The new defense attorneys were appointed last week following the withdrawal of Atty. Chas. C. Smith Jr., of Cameron. Smith filed his motion to withdraw as counsel for the defendant before Judge Patterson, who granted the motion.

Judge Patterson then reset the murder trial for December 9 and informed Cook that he would appoint one or more attorneys to represent him. The trial had been set for December 2.

COOK CHARGED

The defendant is charged with murdering the mother-in-law, Mrs. Dan Crow, in a shooting at the Dan Crow home in Davilla. Mrs.

CONSERVATION AWARD — The Vrazel brothers display their Soil Conservation Award presented them for having on their farm the past year. Pictured from left to right are Albert Vrazel,

Antone, Alfred and Lawrence Vrazel Jr. The farm was selected by Central Texas Soil Conservation District. Alfred and Lawrence Vrazel own the farm which is located one mile north of Yarrellton.

Yeomen To Play In Tournament At Connally

The Cameron Yeomen Basketball team will travel to Connally to participate in the three-day Connally Tournament.

Coach Greer's Yeomen will play their first game at 5:15 p.m. Thursday when they meet Teague.

A win in the first game will enable them to play their second game at 8:15 p.m. Friday night. Another win would put them in the semi-finals Saturday afternoon at 2:15 and another win would place them in the finals at 8:45 p.m. Saturday night.

If they should lose their first game with Teague they will play at 4:00 p.m. Friday. A victory in this game would put them in play at 10:45 a.m. Saturday. Winner of this game will play in the consolation game at 7:00 p.m. Saturday night.

The Yeomen have gained experience this year in only two games thus far and will be competing with some teams with several more games behind them. However, the young team could be a surprise this year. They now have a 1-1, win, loss record.

Their next home game will be December 10 when they host Rogers. The B-team will begin at 6:30 p.m. at Yoe Gym with the varsity game beginning at 8 p.m.

Fertilizer Plant Grand Opening

Eastern Seed Company's fertilizer plant, completed early this week, will have its grand opening and an open house on Saturday, December 7th, company officials have announced.

Located near Santa Fe Town in south Cameron, the plant is a 132 by 50 ft. sheet metal structure. Construction and equipment cost an estimated \$40,000.

The open house is scheduled from 10 a.m. to 4 p.m. on Saturday, according to Gene Nash, in charge of construction, and Lawrence Rosenbach, plant manager.

Plans are being completed for a program which will include a ribbon-cutting ceremony by Mayor Coleman Duncan and short addresses by city and county officials and officials of Eastern Seed Company.

Plans also call for several attendance prizes to be given away to farmers, ranchers and landowners who attend the open house. A drawing will be held to select the winners.

Construction of the plant is being completed this week, and its bins are being filled with the dry bulk fertilizer, shipped in by rail. Several pieces of equipment, including a blender for mixing different kinds of fertilizer, also were installed.

Sale of the fertilizer, Nash said, will be both wholesale, to dealers, and retail to individual farmers and ranchers in whatever amounts they require.

The plant has available a soil testing and analysis service. The fertilizer then can be blended to meet the different soil requirements.

Twin Colts Born

In Rockdale Sun.

An air of excitement has permeated the Boyd Stephens farm located west of Rockdale since the birth Sunday of twin colts.

The mare whose name is Trixie is owned by Stephens daughter, Patsy L., who is an active 4-H Club member.

The twin colts, one a filly, have been named Pride and Joy.

Artist Paints Symphony In Oils

By Lois Sapp

Mrs. C. A. West believes that her hobby, oil painting reveals the symphony and beauty of the world, and through her spiritual outlook she has instilled an interest in this creative art in many Cameron people.

Last January she opened her home to share her hobby with others. During this brief time, she has taught 27 people an art which can serve as their therapy for life.

"It is amazing how much interest has been created and that many have done so well during these few months," Mrs. West said. Some of her students didn't even think they could draw when they first began to attend classes.

At her home in Cameron, Mrs. West conducts two to three classes a week. One class is for boys and girls and the other for adults.

MANY YOUNG women of Cameron have gotten so interested in learning they have traveled over the country this past summer in order to do their painting.

Mrs. West says she is a realistic painter and uses a blended technique, which she teaches her students. She gives them oral instructions in all the many facets they must learn to become an accomplished artist.

The students begin learning by copying. After they have mastered the mixing of colors and have developed a technique they graduate to working with real life.

As the wife of the Rev. C. A. West, Pastor of the First Methodist Church in Cameron, Mrs. West

says her church comes first in her life.

"I TEACH people, not art," she said. "My reason for teaching is to help people to know the joy and inspiration and fulfillment that has come to me through my art. That fulfillment comes only through discovering and expressing in line and color the image of God as it is in each individual under the sun. As a teacher, I can help most by encouraging, guiding and helping my students to express this image of God as only they can," she continued.

During the past 10 years Mrs. West has taught more than 200 people how to paint. Before coming to Cameron in 1962, she held art classes in Crockett and in many other places where her husband's career took them.

MRS. WEST became interested in painting about 18 years ago. An art teacher, Miss Laura Underwood of East Columbia, encouraged her to take lessons. She had always been interested in drawing and after one session with Miss Underwood she began to paint constantly.

Parade To Open Yule Season Dec. 6

Pecan - Food Show Set For Cameron December 6, 7

The Milam County Pecan and Food Show will add greatly to the holiday festivities in "Christmas City" on December 6 and 7. Show officials said the annual event would be held in the Dusek Building, formerly occupied by the County ASCS office, in downtown Cameron.

FOOD SHOW

In the Food Show, six divisions will be open for all residents of Milam County on December 7.

Participants may enter baked goods in the Candy, Cake, Pies, Cookies, Yeast Breads and Quick Breads divisions.

Eligibility for Food entries are: 1. Resident of Milam County 2. Junior Division (school age) 3. Senior Division 4. All entries must contain pecans 5. Bought pecans may be used in baked products

All entries become the property of the Milam County Home Demonstration Council to be sold. Proceeds to go to the HD Council and to help pay Food Show expenses.

Entries should be submitted in attractive containers which will not be returned, show officials said. All entries must be at the exhibit building between 7:30 and 9 a.m. December 7 for judging. For further information contact Mrs. V. L. Angell, chairman of the Food Show.

The Milam Home Demonstration Club will be selling coffee, sandwiches, and bakery goods on Saturday in connection with the Pecan Show, according to Mrs. Audrey Sapp, publicity chairman.

PECAN SHOW The Pecan Show will be held two days, December 6 and 7. All entries must be at the show by 9 a.m. on December 6. Entries are limited to Milam County and exhibitors may enter as many classes as they wish but are limited to one entry per class.

Anton Anderle is chairman of this years Pecan Show.

He said a pecan entry will consist of 1 quart of pecans and must be grown by the person exhibiting them. Also, Pecans must be from the 1963 crop.

Blue Red and White ribbons will be awarded to the top three places in each class on completion of judging in both the Food Show and Pecan Show.

Food show officials noted that it would be appreciated if the person participating in the show would estimate the value of the ingredients of the product.

School District Tax Interpreted

The Cameron School Board has met several times within the past week to make a loan necessary to meet teachers salaries, study the tax structure, and approve an audit report for the Cameron Independent School District.

In a meeting Monday night, the board approved an audit report for the 1962-63 school year as presented then by Charles R. Vance. Results of the audit, which includes the financial statement through August, will be released next week, according to officials.

On November 29, the Board met to discuss a \$25,000 loan to gain needed funds in order to meet the teachers salaries for the month of November. The loan was necessary since there had been no tax collections for this year.

PERCENT INCREASE

In a statement released by the School Board last week, the Board announced a decision to have an across-the-board increase in taxes for this year in order to meet the current budget of \$171,000 from local taxes.

According to The Texas Municipal Reports (dated March 26, 1963), the assessed valuation in 1962 based on 35 percent of actual district value was \$8,638,136.

This would indicate the total value of the district was \$24,823,245.

BOARD VOTE The Board voted to increase the percent of total values used for assessment purposes from 35 percent to 50 percent.

Santa To Present Gift Certificates

On December 7, 14 and 21, Santa will be in Cameron handing out coupons for gift certificates along with candy for the children.

The stubs of these certificates will be deposited for drawings on each of the three Saturdays. Santa will draw for prize winners at 2, 3 and 5 p.m. on the Courthouse lawn.

The five dollar gift certificate may be redeemed at any of the following participating stores: Irving's Dept. Store, The Leader, Culpeppers Furniture, Schiller Pharmacy, Hardens Jewelry, Duke & Ayres, Cameron Lumber, Wied Hardware, Anderle Lumber Co., Horstmann Bros. and J. C. Penney.

Also Eplen Furniture, Duseks Pharmacy, Schiguts Dept., Bernice's Dress Shop, McIntosh's Dept., Young Texan, New Cameron Drug, Ben Franklin Variety, Goldfarb Drygoods and Whites Auto Store.

"This program will be completed during the next tax year thereby allowing the Board of Equalization sufficient time to complete its study and work on this vital issue," their statement read.

EQUALIZATION

The School Board also stated last week that due to the enormity of the program, the Equalization Program could not be completed sufficiently to be used for the 1963 tax rolls.

"They indicated plans to continue with the appraisal program and the present school board will have time to work on it. However, a tax program cannot be put into effect until next year and will be the duty of the school board in office. The Equalization Board can be appointed after the first of the year, however, and can begin working on the tax plan for 1964.

THE TIME she has spent on her hobby is revealed in the West home at 101 East 7th Street. Many beautiful paintings, ranging in subject from the painting of Jesus to those of flowers and nature beauties, are displayed throughout her home.

"Everyone needs a hobby and I do like to share mine with others who are interested or have a need for something more in their lives," she related.

Mrs. West does not limit herself to just one hobby although she has completed more than 500 paintings.

She is also a writer and has had over 125 articles and stories printed in the Church Magazine. She is also handy in many other crafts.

"Most dear to me is my work at the Methodist Church," she added. Being active in all church organizations, she also teaches the Couples Class each Sunday.

Bands-Floats To Highlight Parade Set For 4:30 p.m.

Santa will set off the traditional Christmas festivities when he comes to town Friday for the annual Cameron Christmas parade.

Hundreds of visitors from Cameron and Milam County are expected to line the parade route to view the parade and many more are scheduled to participate in the once-a-year occasion.

Cameron has taken on the air of Christmas in preparation for Santa's visit. Street decorations went up at intersections and mid-points and holiday window decorations appeared in the stores this week.

Chamber officials said the parade will be held at 4:30 p.m. Friday and several new groups have entered floats this year.

FLOAT PRIZES

Prizes have been increased this year and will be awarded to top floats entered in the parade. First place prize will be \$20, second \$15 and third \$5, according to Mrs. Barbara Smitherman, Chamber manager-secretary.

About 20 units will participate in the parade. Lineup time is 4:15 at the corner of College and Main Streets (First Baptist Church corner).

Parade marshal is Albert McCullin Jr.

Santa will bring up the rear of the parade that will wind down a new route through the downtown area.

NEW ROUTE The new route will take the Christmas parade down Main Street to Central, to West 2nd, back to Houston Street where they will march down Houston and disband at the corner adjacent to the Cameron Lumber Company.

Judges will be stationed at the corner of Houston and Main and will be able to view entries twice before judging them.

Santa Claus will throw candy to the children but will not be at the Courthouse square following the parade, as in past years.

Instead, he will be in Cameron each Saturday before Christmas, visiting with the children in 21 stores in Cameron. He will also present gift certificates to shoppers who will be eligible for gift drawings.

MARCH ORDER The order of march for the parade units is: Cameron Police Car, County Sheriffs Car, Three Arts Club float, All School Queens, Yoe High Band, Farm Bureau Queens, St. Anthony Girl Scout and Brownies float, Hefley Steadman Motor Company unit, Pack 213 Cub Scouts float, Howard Chevrolet Company unit, O. J. Thomas Band, Macks Oil Company unit, Bethel A.M.E. Church float, Schiller Motors unit, Fleur-de-lis Garden Club float, Explorer Post No. 54 float, Santa and his Sleigh, Cameron Fire Truck and the Cameron Saddle Club.

Organizations that have entered floats for the first time are the Three Arts Club, St. Anthony Girl Scouts, Pack 213 Cub Scouts, Fleur-de-lis Garden Club and Explorer Post No. 54.

The Cameron Chamber of Commerce trade development committee is sponsoring the parade. Chairman of the committee is McCullin.

Rites In Rosebud

For Dennis Klein

Mr. Dennis Klein, 58, of Burlington died in a Cameron hospital November 23 after a short illness.

Funeral services were held November 24 at 3 p.m. from the Hoelscher Funeral Home at Rosebud with Alan Peabody officiating.

Burial was in Woodland cemetery.

Surviving are his wife, Mrs. Annie Klein of Burlington; 1 son, Gene Klein of Gonzales; a daughter, Mrs. Virgie Klein of Austin; 2 brothers, T. A. Klein of San Antonio and Obed Klein of Asheville, N. C.; and a sister, Mrs. Ed Zettler of Mertens, Texas.

Rites Held For Mrs. Winkler, 93

Funeral services for Mrs. Bertha Winkler, 93, of Cameron were held Saturday at the St. Monica's Catholic Church. Rev. John Geiser and Rev. Paul McCallum officiated with burial in the St. Monica Cemetery. Rosary was recited Friday at the Marek-Burns Chapel.

Mrs. Winkler died Friday in a Cameron rest home after a long illness.

She was born in Europe and had lived in Milam County for the past 80 years.

Survivors include three daughters, Mrs. Annie Urban of Pettibone, Mrs. Louise Dueser of Cameron and Mrs. Bertha Tiele of Belton; two step-sons, Frank Winkler of Pettibone and Joe Winkler of Temple; one grandchild and two great-grandchildren.

Pallbearers were Adolph Herterberger, John Dueser, Victor Carleton, J. T. Krull, Willie Winkler and Will Anderle.

MR. FARMER:

does your soil need a doctor?

Texas Land Use Pattern Changes

COLLEGE STATION - Urbanization is having its effects upon the pattern of land use in Texas. Land in urban areas, cities and densely populated suburbs, accounted for 2,501,000 acres in 1959 compared with only 733,000 acres in 1945, reports Gerald F. Vaughn, Extension rural-urban affairs specialist.

Texas had more land in urban areas in 1959 than any other state and more cities with 100,000 or more population (11) in 1960 than any other state except California with 14, Vaughn adds. He points out that Texas cities favor elbow room. Houston, for example, with a 1960 population about equal to Baltimore, contained 328 square miles or four times more area than the Maryland city. In fact, he adds, Houston was larger in land area than New York City.

The urban population of Texas increased from 4.8 millions to 7.2 millions between 1950-60. This tremendous jump has brought on added problems and shifts in land use in the developing areas, he says.

Along with the population growth, Vaughn points out other land shifts. Land used for highways, railroads and airports outside cities increased from 1,151,000 acres in 1945 to 1,501,000 acres in 1959. Rural parks and wildlife areas increased from 790,000 to 1,502,000 acres and national defense areas from 773,000 acres to 972,000 acres during the same period.

On the other hand, the acreage of cropland remained stable over the period, 30.2 million compared with 30.6 million acres. Pasture and from 95.3 million to just under 100.1 acres during the 1945-59 period. Farm and nonfarm woodland acreage dropped from 35.7 million acres to 24.3 million and miscellaneous land uses, such as marshland, desert, and bare rock areas amounted to a few thousand acres to round out the state's total land area of 168,218,000 acres.

These shifts in land use, Vaughn says, are affecting agriculture and rural living in the developing areas, some of which are miles from cities.

Bold Step Taken

Austin - A bold and forward step has been taken by the Texas Highway Commission with approval of the largest work program in the history of the Highway Department.

The program covers new work on the Interstate and Defense Highway System in Texas. It was approved at the regular meeting of the Commission November 22.

This unprecedented action will enable the Texas Highway Department to secure all of the remaining right of way on the 3,033 mile Interstate Highway System as well as to cover construction costs on an additional 1,306 miles.

Long range programming such as this new action has been an established policy of the Department and has enabled Texas to build more miles of Interstate Highways than any other state, officials pointed out. This program will go a long way toward insuring that Texas will maintain that lead and can complete construction on

the Interstate System by 1972, the construction deadline established by the National Congress.

Commission Chairman, Herbert C. Petry Jr., hailed the action as tremendously significant in terms of economy, safety and progress.

"Long range programming enables our contractors and our engineers to see exactly where we are going," he said, "and make their plans accordingly. The assurance of a steady flow of well planned work results in lower bids on highway work, saving taxpayers money."

4-H CLUB Notes

By Charles W. Henson
Asst. Milam County Agent

Patsy Lou Stephens, daughter of Mr. and Mrs. Boyd Stephens of Rockdale, has been named Junior Swine winner of the Milam County 4-H club. Patsy has been a member of the Rockdale 4-H club for three years. During this time she has held the positions of Secretary and Council Delegate. Her contribution to her club have been many. Patsy is constantly encouraging members to be at the monthly meetings, inviting new members to be at the monthly meetings, working on committees and supporting 4-H club work in any way she possibly can.

Patsy started her 4-H projects with a Sears gilt in 1962. This gilt, after much hard work and many days of feeding, was selected for 2nd place in the County Sears Gilt Show. Early in 1963 this gilt was named Grand Champion of the Swine Division of the Rockdale Jr. Livestock Show. Patsy also won 2nd in the Sears 4-H swine management contest.

Other projects Patsy has are clothing, beef production, and food preparation.

Screwworm Rate Rockets In State Officials Report

Federal and state animal health authorities reporting on activities for the four weeks ending October 26 indicated a rocketing of the screwworm infestation rate in Texas from 369 samples confirmed as "screwworms" in the preceding four weeks to 1,577 confirmed samples for the report period.

The upturn was not a surprise to Dr. John L. Wilbur Jr., of the U.S. Department of Agriculture's Animal Disease Eradication Division or to Dr. R. G. Garrett, director of the Texas Animal Health climates and animal wounds laid Commission.

Both had warned that damp fall climates and animal wounds laid open by calving and shearing could cause a sharp increase in the incidence of screwworms unless livestock producers exercised extraordinary precautions.

During the four weeks ending October 26, federal and state agencies, together with Southwest Animal Health Research Foundation officials, moved swiftly to combat the screwworms by releasing 347,671,000 sterile screwworm flies below an overwintering line that extended as far north as Comanche County in Texas.

County Agent Notes

Officials Warn Of Screwworm

MISSION - Reports of screwworm infestations in counties that have not had cases all year have prompted screwworm eradication officials to issue a warning to livestock producers. They caution livestockmen that they cannot yet afford to let down their guard against the insect.

Failure to prevent development and spread of the livestock pest could cause serious outbreaks in areas that have been screwworm-free so far during 1963, authorities said.

Even as the number of infestations which had reached record proportions during October, appeared to be declining, cases were being discovered in Archer County in North Texas and such East Texas counties as Madison, Kaufman and Houston. This marked the deepest penetration into East Texas by the screwworm fly since early this spring.

Eradication workers feel that weather is now ideal for screwworms to migrate into areas where it might have been too hot and dry for them to survive earlier this fall and summer. Cold fronts experienced thus far have been too mild to relieve the danger of further infestation except in the most northern Texas counties, they said.

To insure that screwworms do not have the opportunity to develop and produce offspring that could infest "free areas, eradication workers urge producers to check their livestock frequently and treat cuts and scratches that could invite infestation. When infestations are detected, a dozen or more of the larvae should be collected and the discovery reported to county agents, livestock inspectors or vocational agriculture teachers. Then appropriate control measures can be initiated. The wound should then be treated with insecticide to kill the remaining larvae.

Officials said October proved to be a busy month for screwworms with farmers and ranchers from 107 Texas counties reporting 1,725 cases, the largest number reported during any month this year. Even with the buildup, however, less than 20 per cent as many cases were discovered this year as during October 1962, when 8,702 infestations were reported in 222 counties.

COACHES PRESENTED GIFTS

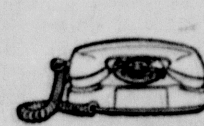

Coach Kirk, McQueen and Greer were presented gifts from the football players in appreciation of the direction they had received this year in coaching. The gifts were white shirts and ties. They also presented LaVert McKinney, president of the Booster Club, and Gene Smitherman, game announcer, with gifts of cuff links and tie pins.

Milano News

By Mrs. John Myrick

Wilbur O'Neal got the end of one of his fingers cut off while sawing with an electric saw last week. He is doing nicely.

W. K. Johnston of Rosebud visited in the home of his aunt, Mrs. Dan Robinson Tuesday where he attended the funeral of his aunt, Mrs. George Johnson.

Visiting in the home of Mrs. T. C. Westbrook over the weekend were Mr. and Mrs. Clyde Westbrook of Irving and her daughter, Mr. and Mrs. Tom Rowland of Bay City. Mrs. Westbrook accompanied the Clyde Westbrooks home for a visit.

Mr. and Mrs. Wesley Woods visited in the home of her brother and sister-in-law, Mr. and Mrs. Oscar Nichols in Christman Sunday. They also visited Mr. and Mrs. Jess Taber.

Mr. and Mrs. W. B. Burnett had the following guest over the Thanksgiving holidays: Mr. and Mrs. Jack Burnett and children of Beaumont, Mr. and Mrs. Leland Burnett and Moye and Bradley Burnett of Beaumont, Mr. and Mrs. Giles Burnett and son Newton of Marlow, and

children of Ben Arnold.

Visiting in the home of Mr. and Mrs. G. C. Sloan Friday were Mrs. Caille Gerdes and Mrs. Buddy Brinkman and little son Michrial of Caldwell. They were enroute from Temple where Michrial went for a checkup at Ascott and White Hospital.

Visiting in the home of Mr. and Mrs. E. C. Westbrook Sunday were their son, Mr. and Mrs. Ronald Westbrook and family of Rockdale.

Mr. and Mrs. Doug Wise of San Antonio have a new baby girl named Tammy Kaye born November 1st. Mr. and Mrs. Doug Wise and two children visited over the weekend last week, November 16, in the home of his parents, Mr. and Mrs. Ruby Wise.

Guests in the home of Mr. and Mrs. Jeff Morgan and son, Grover, during the weekend were Mr. and Mrs. Jeff Morgan Jr. and children of Houston, Mr. and Mrs. Eugene Morgan of Bryan, Mr. and Mrs. Clifford Morgan of Rockdale and Mr. and Mrs. Delbert Yarbrough of Rockdale.

Mrs. Ollie German of Houston

Tomasek Named To Holstein Association

Roy Tomasek of Cameron has been accepted for junior membership in The Holstein-Friesian Association of America, Brattleboro, Vermont.

To qualify, junior members must be under 21, and have completed one year of successful 4-H or vocational agricultural dairy project work. They also must own at least one Registered Holstein in their name. Junior members are entitled to all privileges, except voting, of the National Holstein organization.

Visiting in the home of her mother, Mrs. C. J. Ray and daughter, Verena, over the weekend, other visitors were Mr. and Mrs. Joe Palasota and children of Bryan.

Visiting in the home of Mr. and Mrs. Will Elsenburg last week were their daughter, Mr. and Mrs. Lewis Roach of League City. Mrs. Elsenburg accompanied them home and stayed until Friday.

Billy Reese of Ranger spent the weekend at home with his mother, Mrs. Harvin Reese and family.

Dr. W. Franklin Named AICE Vice President

Dr. W. B. Franklin, manager of Humble Oil & Refining Company's Technical Division at Baytown has been elected Vice President of American Institute of Chemical Engineers. He recently served 3 years as a director of the society and is presently a member of the Constitution and Bylaws Committee. He was a member of the Advisory Committee for Chemical Engineering Progress, one of the AICE journals, for several years, and a member of the Awards Committee five, serving as its Chairman one year.

Dr. Franklin has served AICE posts at the local and the national level, including serving as chairman of South Texas Section and as general chairman of the national meeting in Houston in 1955. In 1960 he was the recipient of South Texas Sections Distinguished Service Award.

A native of Natchez, Mississippi, Dr. Franklin is a graduate of North Dallas High School and of The University of Texas where he received the B.S. and M.S. de-

grees in chemical engineering and the Ph.D. in physical chemistry.

In 1957 he was named to the University of Texas Engineering Foundation, and served as chairman in 1961-62. He is also a member of the Visiting Committee of the University's Chemical Engineering Department.

Dr. Franklin joined Humble's Technical Service Division at Baytown in 1954, in 1958 became a Section Head, and the next year Assistant Division Head. In 1965 he was promoted to Division Head and in 1968, when Technical Service Division was combined with Engineering Division to form the present Technical Division, he was named manager.

He is the author of several papers and holds six U.S. patents.

Dr. and Mrs. Franklin live in Baytown at 1900 Washington St. They have two daughters, Mrs. J. Phipps of Texas City, and Mrs. J. M. Heller of Havelock, N. C. The former Geraldine Slaughter. Mrs. Franklin is the daughter of Mr. and Mrs. D. H. Slaughter of Cameron.

YOUNG IDEAS from Polly Ponder

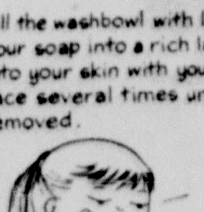

"My complexion is usually pretty clear but lately I've noticed a few blackheads around my nose and chin. How can I get rid of them?"

As if your skin is normal (not too oily, not too dry) blackheads are usually the result of improper cleansing. To help remove blackheads and prevent others from dulling your complexion, wash your face with soap and water at least twice a day. Follow this routine:

Remove your make-up with cold cream, then wipe it off clean with facial tissues.

Fill the washbowl with lukewarm water and work your soap into a rich lather. Massage the suds into your skin with your hands, then rinse your face several times until all the soap has been removed.

After you've dried your face on a clean towel, soak a pad of facial tissue with skin freshener and pat it briskly against your skin to stimulate circulation and tighten pore openings.

Outdoors In Texas

Perhaps the most popular fish in Texas is the perch. This little bluegill or bream - or whatever you prefer to call the scrappy little fellow - infests every fishing water of the state.

The art of perch fishing has been lost to many. This, despite the fact that they can be caught almost any place water is found in the state.

There are many different kinds of perch. And each has its own way of being playful. But one thing for sure, a frypan filled with perch the size of your hand is a delicacy no one should pass up.

So many, many of us nowadays go out with casting or spinning tackle and artificial lures that we have just about forgotten this great fun fishing, perch catching game. Even great many youngsters have missed the thrill of perch fishing.

WORM FISHING POPULAR

Best bait for perch fishing is the garden worm. Probably more perch have been caught on worms than on all other baits combined.

Next most successful bait is a light spinner or a small bug-like lure cast out either on a fly rod or on ultra-light spinning equipment.

Occasionally a perch is caught on a plug. In most waters they'll follow a plug all the way to the boat. Often they will hit it with their tails. We've seen them slap at a top-water lure so hard they would knock the lure as far as 15 to 20 feet. Sometimes you'll think you've just missed a king-size bass when all it was was a slap-happy perch.

WHERE TO FIND PERCH

Perch can be caught from a boat, a dock, the bank or by wading.

Like all other fish there are certain hot spots for perch and fishing is best at certain times of the day.

My own favorite spot to catch perch is along some high cliff, where a few old trees have fallen into the water.

There isn't much to rigging up for perch fishing. A cane pole of medium length is ideal for the purpose. You need a small split-shot sinker, a very small hook with a long shank, and some sort of bobber.

It doesn't make too much difference about the line. It can be monofilament or braided.

USE LARGE FRESH WORMS

Be sure your supply of worms is fresh and that they are not so small they can't be threaded on a hook. Occasionally a perch will grab a whole mouthful of worms at one gulp. Other times he will suck on it, keeping the bobber moving about until you think he has gone.

Then all at once he'll take it.

Usually the bigger perch are deeper down. In the early morning or late evening they'll be working along the banks, especially around tree tops and in the shade of high cliffs.

You may have to try varying depths. But you'll find perch almost everywhere.

In the lakes of East Texas fishermen in flatbottom boats scud their way around from one old stump to another hunting perch. Some use crickets for bait. They drop their baited hook down beside a tree trunk protruding from the water. If a big perch is there it will take the bait quickly. Otherwise, you may as well move on to another spot.

LIVE BAIT WELLS POPULAR

Real perch fishermen have live wells in their boats and just toss the fish into these wells.

Others use fish baskets, or perhaps even a gunnysack, hanging over the side of the boat. Perch can be kept alive in this manner long after they are caught, unless of course they've been injured badly by hook removal.

Perch don't string too well. Furthermore, around good perch holes there always are a few water snakes. And snakes like perch.

There is no creel limit on perch. Biologists like to see many of them caught because too many perch in an impoundment are harmful to the largemouth bass population, and to catching bass.

Biologists also will tell you never to throw a perch back into the water. They just continue to be a nuisance.

Little perch make excellent trotline bait. Many trotline fishermen, seeking catfish, catch a dozen or two small perch with which to bait their lines. And it pays off.

If you want to go fishing and really catch something useful and good to eat, try for perch.

Herald Nominee

For Conservation

Press Award

The Cameron Herald has been nominated by the Central Texas Soil Conservation District for the Fort Worth Press' Texas Soil Conservation Award, the second time in 3 years.

Announcement came at the annual meeting of the Cen-Tex Soil District - Temple Kiwanis Club Awards Dinner last week at the Kyle Hotel, Temple.

Leo Fuchs, nominee for the \$5,000 Hoblitzelle research award, was also introduced at the dinner. He also had been nominated as an outstanding soil conservationist at his Buckholts farm.

Winner of the Best Conservation Farming trophy in the Cen-Tex Soil District was Lawrence Vrazel, of Buckholts, and cooperating brothers Albert, Anton and Alfred Vrazel, all farming in the Buckholts area.

The Herald's August 8 agriculture section, a 12-page report on Operation BIG, government agriculture services, the Brazos River Authority and the Texas Screw, as other farm coverage throughout 1963.

Herald entries will be judged at regional competition, and if selected, will be forwarded for final judging in the state-wide contest, according to Wayne Mann, soil conservation manager in Cameron. The Herald also won the Cen-Tex nomination in 1960.

The August agriculture section, written by feature editor Lloyd Alberson during a year of research, has received plaudits from state and national agriculture authorities for its scope and content. It contained major stories and accompanying pictures on the impact of agriculture programs, both modern and historical, their problems and possibilities.

Broad advertising support from Cameron business and agriculture concerns made possible the section.

In The Service

LACKLAND AFB - Sandys S. Peyton of Marlin, has been commissioned a second lieutenant in the United States Air Force upon graduation from Officer Training School here.

Scott And White Hospital Ceremony Friday, December 6

TEMPLE - Gov. John Connally, wounded in the fusillade in which President John F. Kennedy was assassinated, will be unable to fulfill his December 6 speaking engagement here at the dedication of Scott & White Memorial Hospital.

Lyndon B. Johnson, elevated to the Presidency as a result of the

assassination, was an active trustee of the non-profit institution from 1950 to 1957.

Governor Connally was to have participated in rites opening a new \$9.2 million building at the heart of a 300-acre medical campus on a hill overlooking Temple. Scott and White now functions in more than 30 buildings clustered in a

Temple.

The new building brings together the coordinated functions of the 315-bed Scott and White Hospital, its Olin Culberson Memorial Research Center, its nursing and post-graduate medical education facilities, and its related facilities into a single modern structure. The building also houses the 65 spe-

cialists of the Scott and White Clinic.

Speaking at the December 6 ceremony will be Dr. Luther Terry, surgeon general of the United States, and Dr. Charles Mayo, surgery professor emeritus and head of the famed Mayo Clinic in Rochester, Minn., who were also speakers at groundbreaking rites almost exactly two years ago.

Corkwood trees in the Lower Brazos Valley furnish the lightest wood native to the United States.

Texas is the largest wool producing state in the nation.

Texas is the leading agricultural state in the nation.

Largest rice packaging plant in the world is located at Beaumont.

INSECT CONTROL

Entomologists of the U.S. Department of Agriculture's Agricultural Research Service have isolated a natural substance from male boll weevils which attracts the female of the species. Chemists are attempting to identify the substance chemically so that synthetic production might be possible. The discovery, made in cooperation with workers of the Mississippi Experiment Station, is another approach for insect control.

Sweetheart Of A Dessert

This love of a dessert features a creamy layer of deliciously sweet and rich-tasting pink strawberry creme, topped with a clear layer of sparkling red strawberry jelly.

Surprise is that such a heavenly concoction can be so low in calories. Thanks to the calorie-free sweetener, Sucaryl, used here in place of sugar, there are only 54 calories in each sweet serving (less than half the usual calorie count).

STRAWBERRY SWEETHEART DESSERT
(Low-Calorie)
First Layer
4 cups strawberries
1 envelope (or tablespoon) unflavored gelatin
1/4 cup cold water
1/4 cup water
1 1/2 teaspoons Sucaryl solution
1 teaspoon lemon juice
Red food coloring
Second Layer
1 tablespoon Sucaryl solution
1 tablespoon lemon juice
2 envelopes (or table-spoons) unflavored gelatin
1/4 cup cold water
1/2 cup nonfat dry milk
1/2 cup ice water

To make first layer: Purée strawberries. Soften gelatin in cold water. Measure 1/4 cup of the strawberry puree and add the 1/4 cup water; bring to a boil. Add to softened gelatin, stirring to dissolve. Add Sucaryl, lemon juice and food coloring, as desired. Pour into a lightly oiled 7-cup heart shaped mold; chill until set.

To make second layer: Add Sucaryl and lemon juice to remaining strawberry puree. Soften gelatin in cold water; dissolve over boiling water. Add to puree and chill until mixture begins to thicken. Combine dry milk and ice water in small bowl of mixer; beat on high speed until thick. Fold into strawberry gelatin. Spoon mixture over clear layer of gelatin in mold; chill until set. Makes 10 servings.

Lon Peeples Will Be Honored With Presidential Award

Major Elo A. Hoppe, Chief of Field Division for the Selective Service System is scheduled to be in Cameron December 4 to present a Presidential award to Lon M. Peeples of Milano.

Mr. Peeples, member of the draft board, will receive the citation for 15 years of "loyal and faithful" service to the United States.

Major Hoppe will act on behalf of the late President Kennedy, Gov. Connally, Lt. Gen. Lewis B. Hershey, national Selective Service Director, and Col. Morris S. Schwartz, State Director.

The award is in the form of a Presidential certificate of appreciation signed by the late President, the Governor, and the national and state directors of Selective Service.

"Mr. Peeples has served his country and community well all these years without pay or thought of pay," Major Hoppe said. "It is my pleasure to carry out the Presidential order making the award to him."

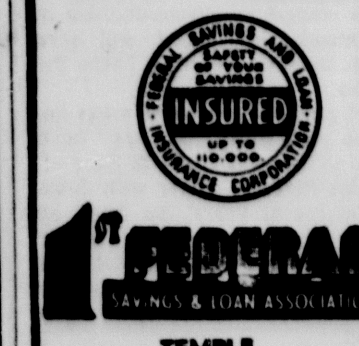

Presentation of the award is scheduled at the local board office at Cameron at 2:00 p.m. on December 4, 1963.

COME IN AND MAKE YOUR SELECTION FROM OUR SELECTION OF BEAUTIFUL CHRISTMAS CARDS
THE CAMERON HERALD

Herald Editorial Page

Two Shows In Cameron...

Cameron is hosting at least two special shows this week, including the annual Civic Garden Club Flower Show and the annual Milam County Pecan Show.

These events attract wide interest in native products and locally developed cultural abilities. They broaden the interests of the community.

We say welcome and congratulations to the groups who annually make these shows possible and their widening support grow.

Santa's Comin' To Town

Santa's coming to town, bringing with him the annual Christmas parade and holiday season in Milam County.

There will be thousands of people and many youngsters in the downtown area Friday afternoon for their first glimpse of the Christmas visitor.

Cameron stores, more than ever, are dressing up for the Yuletide, preparing for the rush of Christmas and the excitement of the season that comes but once a year.

St. Nick himself will greet his host of admirers and distribute candy Friday afternoon after the parade. It is always a heartening sight to see the enthusiasm of more than a thousand youngsters waiting to see him.

Everyone looks forward to the Christmas parade in the Christmas City. And we know Santa won't disappoint Milam Countians who always enjoy his visit.

Scouts Training Unique

By Lois Sapp

Cameron boys, who are a part of a training that is unique in scouting as it is the only known Explorer Post of this nature in the United States, are typical of the persons who are interested in the welfare of their town.

This interest was shown last week when they donated \$50 to the building fund for the new Cameron Public Library.

The Scouts of Post 54 worked on a project during the Town and Country Fair last summer, gave away a shetland pony during the festivities and made the \$50 which they presented to Mr. E. A. Perrin, chairman of the library building committee.

They had decided they wanted to do something worth while for their community, according to Porter Young, Troop Counselor.

The young boys, ranging from 14 to 18 years, made the decision to give the funds to the Cameron Public Library, signifying the eminence they place on the completion of the new cultural center.

Showing even more their desire to benefit their town and the citizen therein, they have been helping with the Toys For Tots program, a project that will give needy children gifts on Christmas that they would not otherwise receive.

Mrs. Barbara Smitherman, secretary - manager of the Cameron Chamber of Commerce, said the Scout Troop was also going to participate in the annual Christmas Parade by entering a float which they are presently working on.

Post Originated

On December 31, 1960, this one of a kind Explorer Post was formed and the boys immediately began learning the skills of the different phases of the radio business.

Initial training of the original group and the boys who have joined during the three years takes at least eight weeks with additional study when the group meets weekly.

During this training period they receive instructions on the operation of the control board and turntables, reading news releases and commercials, the fundamentals of selling advertising, how to use the Conalrad warning instruments and what to do in case of a conalrad alert.

Many hours of training each member has been spent by Young.

Larry Schiller, son of Mr. and Mrs. E. O. Schiller, Jr., a member of the post since it began, is now assistant Counselor and helps train the new boys that join each year.

Speech and voice control is an essential part of training and is practiced through tape recordings. The boys read and speak into the microphone, then listen to the tape recordings to cite errors and work on corrections.

Reading news releases and selecting the important ones to read on their program is also important in training these young boys.

Also, the boys sell advertising for their programs and have to learn the proper and effective ways of writing the commercials.

The boys operate their own radio program known as the Post 54 Show.

At the end of the training period and before the actual experience can begin, the boys receive an operator's license issued by the Federal Communications Commission.

An extensive training program is now underway as several new boys have joined the troop to replace those who are now graduated and away at college.

The troop gets to keep and use all the money they receive through selling advertising and through this means they have been able to complete many outside projects.

Scouting uniforms have been purchased, boys have been sent to the Explorer Delegates Conference in Oklahoma and to the Torch Relays at Waco and many other various functions.

The group is sponsored by the KML Radio Station owned by Narvick Caperton and Eugene Smitherman.

Dateline Austin

State Will Hold Court Of Inquiry

By Vern Sanford

AUSTIN - With a shocked and saddened nation still grieving over the tragic death of its President, Texas' Atty. Gen. Waggoner Carr set in motion a court of inquiry to obtain all facts surrounding the assassination of President Kennedy - the shooting of Governor Connally - and the related crimes.

Hubert Miller, head of the Criminal Division of the U.S. Department of Justice, pledged full cooperation from federal agencies in bringing the complete story to the American people and to the world.

Dallas investigative agencies already had turned their evidence over to the FBI, which is engaged in its own extensive probe.

U.S. congressional inquiries also have been demanded.

"Because of the murder of Lee Harvey Oswald, many facts concerning the assassination of President Kennedy, the attempted assassination of Governor Connally, and the murder of Dallas Police Officer J. D. Tippit will be left unanswered unless some forum is available to fully examine motive and evidence concerning the case," Carr said earlier in announcing plans for a Dallas court of inquiry before a justice of the peace.

Carr maintained that a court of inquiry is the only forum where local, state, and federal investigating officials can place evidence on record in a judicial manner, with witnesses subpoenaed under oath.

A decision by the Texas Supreme Court holds that a wife can be forced to testify against her husband in such a court.

Texas law long has held that a wife's testimony cannot be used against her husband in a criminal trial. But the law laying down the procedure for a court of inquiry says that "any person" may be forced to testify before such a public hearing, and if that person refuses, he can be held in contempt and jailed.

Therefore, the Russian-born wife of accused assassin Lee Oswald can be forced to testify against her husband. But any evidence her testimony may produce may not be used against her husband in a criminal trial. However, in Oswald's case, there will be no trial to follow the inquiry.

It may be that such evidence would be helpful to State attorneys when they prosecute the case against Jack Ruby of Dallas, the man accused of murdering Oswald.

Governor Connally said he hopes all investigations will be directed "toward determining the facts, conditions and circumstances that occurred" and will have as their purpose determining whether the assassination was the work of an individual maniac or a conspiracy - and development of plans for future presidential safety. He pledged his cooperation with any investigation - local, state or federal.

LITTLE WHITE HOUSE - A rambling, 13-room stone and frame ranch house 65 miles west of Austin has become the nation's Little White House. Home of new President Lyndon B. Johnson, it was built by his grandfather a century ago.

It is doubtful that President Johnson, who has urged Congress to immediately pass Kennedy's civil rights and tax bills and who faces staggering responsibilities in the months just ahead, will have much time to spend in Texas for awhile.

But many of the world's top national and world leaders have come to the quiet banks of the Pedernales River to confer with Johnson in recent years. No doubt he often will return to the family home he loves so well, not only for rest from the cares of his office, but for the planning of tasks ahead.

It's pretty much assured that a great deal of history will be written at the LBJ Ranch.

EI&E

By John Snell

Miss Joy S. Pittman of Gonzales has been appointed Home Demonstration Agent of Milam County. She is filling the position vacated by Miss V. R. Pittman in 1962. Before her appointment, she served as Junior Assistant Home Demonstration in Jefferson County, Beaumont.

Miss Pittman is a 1963 graduate of Prairie View A&M College with a degree in Dietetics. She has expressed a desire to help people of all income levels to explore their particular environment and to profit economically and socially from their explorations.

The Home Demonstration Agent will work along with the County Agricultural Agent in helping to improve undesirable situations in the county which are recognized and where there is a desire to improve these undesirable situations.

Her job responsibility is to encourage families to analyze their present situation and to supply them with information that will help them to make whatever change is desirable. It is also the Home Demonstration Agents responsibility to carry out all Home Economics Extension work in the county and other related fields to Home Economics with both adults and youth with the assistance of local adult leaders.

Old Philosopher

Gets Serious For Once But Promises He Won't Stay That Way

Dear editor:

There's time enough for joking later on, but I was just thinking, I wouldn't swap this country for all the rest of the world put together, and you could throw in all the planets to boot.

I wouldn't say we don't have a lot of shortcomings, and I ought to know as I'm an expert on the short, but if there's another country on earth where more people - I'm not saying all people - can come closer to doing about what they please, I haven't heard of it.

I was thinking just this past Thanksgiving that the fun of being a citizen of the United States is the fun of being un-checked-on from day to day. Oh I'll admit we get checked on at income tax paying time, when we run a red light and there's a cop nearby, and in other such situations, but a man in this country can go and come pretty much as he pleases, if he can buy the gas to do it on, or

on foot, if that's the way he's traveling. The point is, nobody stops you. Nor do they make you move, if you want to stop. This latter is especially appealing to me, because I've been at a stop right here on this Johnson grass farm for years, and intend to stay that way.

This isn't to say we're so well off we can be sorry for other countries. It's only to say that of all the different sections of the world trying to organize things so the individual can enjoy living, we've hit on the system that allows the widest margin, although there are pockets we can't brag about and there are conditions that ought to be ironed out, so long as I'm not flattened in the process.

At any rate, I'll get back to my regular vein next week, but this week I felt serious, for a reason anybody knows.

Yours faithfully,
J.A.

'64 Pontiac

Here's why you'll like it.

Here's why you'll tell other people you like it.

Wide-Track, for instance. Wide-Track is what does away with tilting your way around turns. Pontiac's smoother, quieter ride is another thing you might point out. A big 389-cubic-inch Trophy V-8 is standard in each and every Pontiac. You get to choose from 34 engine/transmission teams to harness all that power. (Happy choosing!)

Now then—on to more of the things that

make the '64 Pontiac so thoroughly likeable. Frankly, we couldn't think of anything radical to do with this car. Oh, we made the styling even more stylish, as you can plainly see. We lavished even more care on the interiors. We even improved the light bulbs. But as for more vital things, why change? Improve, refine, sharpen—yes. Change—no. And you can tell that to your friends.

Take Your Problems To Church This Week

ON YOUR MARK! GET SET! GO!

In many respects life is comparable to a foot race, but before a young man is ready to enter that track meet there should be intensive preparation and training from childhood until he is called to the starting line. Before he is ready for "GO", knowledge, power and enthusiasm must be acquired as well as education and training for a special vocation.

Even with an abundance of these requirements there is another essential that is vital and necessary, even if not as tangible. That essential is Faith. Without it life is as a powerful ship without a rudder. Faith is needed from the time of childhood until the end of the race.

How may it be acquired and kept? There is no better source of supply, and for the strengthening of that supply, than the church of one's faith. Given the same sought-after attention as that expended in acquiring the other essentials the young man will have faith necessary for the race and he'll be ready for "GO!"

Master Sergeant Wilford B. Caffey (left) of Thornedale, receives his certificate of retirement from the United States Air Force. Sergeant Caffey, a radar supervisor assigned to the Duluth Municipal Airport prior to his retirement, entered the service in October 1940. The sergeant, son of Mr. and Mrs. E. T. Caffey of Thornedale, served in the European Theater of Operations during World War II. Making the presentation is Lieutenant Colonel Howard S. Derr, deputy commander of the 343rd Fighter Group at Duluth Municipal Airport.

THC To Mark Historic Sites

AUSTIN - The Texas Highway Commission has moved to establish a uniform system of marking historical sites under a program approved by the 58th State Legislature.

The Commission agreed that requests for placing markers should fulfill specific stipulations to coordinate work of the Texas Highway department with planning of the Texas State Historical Survey Committee.

Stipulations approved by the Commission:

1. Sponsors are to submit a complete description of the proposed marker and the exact inscription.
2. After a marker request is received 90 days will be allowed for study before acceptance or rejection; another 90 days may elapse before selection and preparation of a site, if accepted.

3. No markers will honor living persons.
4. Previously marked sites will not be remarked.

5. Markers shall be furnished by the sponsors at no cost to the Texas Highway Department, and the Department will maintain the sites in keeping with the right of way in that area.
6. All marked sites must meet established standards for access and parking facilities.

Penney's Slogan

To Get New Look

One of America's most famous advertising slogans, "Always First Quality," will appear in new surroundings on Sunday, Nov. 24.

That's the day J. C. Penney Company advertisements in newspapers throughout the country will introduce the department store chain's new "signature" featuring "Penneys" and "Always First Quality."

Since its introduction in 1946, the Penney slogan has become one of the best known in the U.S., according to Bill Tolson, manager of Penney's department store in Cameron.

A major reason for the slogan's prominence is the fact that Penney's traditionally has done the bulk of its advertising in newspapers, thus giving the slogan broad circulation.

"Monticello," name of Thomas Jefferson's home, means "little mountain" in Italian.

Lerma Reassigned

To Amarillo AFB

LACKLAND AFB - Airman Pablo Lerma, son of Mr. and Mrs. Lerma Eduardo of Rockdale is being reassigned to Amarillo AFB for technical training as a United States Air Force supply specialist.

Airman Lerma, who enlisted in the Air Force a short time ago, has completed his initial basic military training here.

The airman is a graduate of Lockney High School.

In The Service

LACKLAND AFB - Sandys S. Peyton of Marlin, has been commissioned a second lieutenant in the United States Air Force upon graduation from Officer Training School here.

His wife is the former Patricia J. Wimberly of Rt. 3, Rosebud.

LT. Peyton was selected for the training course through competitive examinations with other college graduates. He is being reassigned to Ft. Lee, Va., for training as a food service officer.

The lieutenant, son of Mr. and Mrs. Andrew H. Peyton of 716 Watson, Marlin, received his BBA degree in economics from Baylor University.

LARD ECONOMICAL

Lard, one of the oldest shortening agents, is also one of the best, says Frank Orts, Extension meats specialist. It is economical to use, is rich in food factors necessary for growth and health and in energy production, he adds.

Stunning, Strawberry—And New!

There's a bit of real springtime in this fall recipe—it is the new fresh fruit taste of strawberry flavor gelatin. You'll enjoy the wonderful fragrance when you open the package of gelatin... you'll enjoy this heavenly pie with frozen strawberries added to the gelatin. We know you will serve it often—on request!

Strawberry Foam Pie

- | | |
|---|--------------------------------|
| 1 regular size package (3 ounces) strawberry flavor gelatin | quick-frozen strawberry halves |
| 1 cup boiling water | 1 cup whipping cream |
| 3/4 cup cold water | 1 baked 9-inch pie shell |
| 1 package (10 ounces) | Pistachio nuts, optional |

Dissolve gelatin in boiling water. Add cold water and frozen block of strawberries. Stir until berries begin to thaw and separate and mixture starts to thicken. Set bowl of gelatin in larger bowl of ice and water. Beat until mixture is light and fluffy—about 3 minutes. Whip cream and fold half of it into gelatin mixture. Pour into pie shell.

Chill until firm. At serving time, decorate with remaining whipped cream and a sprinkling of pistachio nuts.

Pythian Roll Call

Set For Dec. 9

The members of Milam Lodge No. 125 Knights of Pythias will hold their annual roll call meeting at the local Castle Hall Monday December 9 at 7:30 p.m.

This will be an especially important meeting. In addition to the annual roll call members will kick-off their contributions drive to the Pythian Home Christmas Cheer Fund. Important business concerning the future of the Lodge will be taken up at this time and all members are summoned to attend. Refreshments will be served after the meeting.

Hereford, Texas, is known as the "town without a toothache" because of the flourine in its water.

Approximately 85 percent of the Angora goats of the U.S. are in Texas.

Shallow Field Hits

New County Well

Milam County's shallow oil field had one new completion this week and another test had been spudded and was drilling ahead.

Mack's Production Company No. 14 Terry and Perry was spudded on Monday and was drilling at around 750 feet at last report. This test is located in the Griffin Chapel area and is near the company's No. 13 Terry and Perry completed as an oiler about ten days ago. It is scheduled to be drilled to around 1270 feet.

In the western part of the county another test had been completed in the Tracy area. The well was located on the 192 1/2 acre Earl Locklin tract and was drilled by an Austin operator, V. H. Bartholmew. Depth was 369 feet. Potential test has not yet been run on this well, but it is expected to be a good producer.

The No. 13 Terry and Perry, brought in ten days ago, is still waiting on potential test.

Rev. Lafferty
New Baptist
Church Pastor

Rev. James E. Lafferty of Tyler, has accepted the position as pastor of the First Baptist Church in Cameron. He succeeds Rev. Aubrey Russell who moved to Tucson, Arizona in August where he is pastor of the Broadway Baptist Church. For the past three months the interim pastor has been Rev. Dave Johnson of Waco who is a professor at Baylor.

Rev. Lafferty, 36, has been presently pastor of the Dixie Baptist Church in Tyler. Before going to Tyler he was assistant pastor of Young's Station Church, Fort Worth, in the early 1950's, pastored Shady Grove Baptist Church, also in Fort Worth, for six years and was in Tyler for four years. While in Tyler, he led the church in building a new \$61,000 sanctuary, seating approximately 350 persons.

Rev. Lafferty attended the University of Houston and Southwestern Seminary. He lacks 3 hours completing his degree. At present he is working on this by correspondence.

He is presently moderator of Smith County Baptist Association, an association comprising 60 churches, a member of the board of District 2, on the board for the district encampment, and was president of the Baptist Pastor's Conference in Tyler.

Mrs. Lafferty has been very active in the Associational WMU. She has served as a GA Director, Sunday School Superintendent, Beginner Training Union Director and was a soloist at times in their choir.

Rev. Lafferty, his wife and two sons, Dale, 12 and Jim, 13, will move to the church parsonage on December 12.

He will conduct his first services in Cameron December 15.

LARD ECONOMICAL

Lard, one of the oldest shortening agents, is also one of the best, says Frank Orts, Extension meats specialist. It is economical to use, is rich in food factors necessary for growth and health and in energy production, he adds.
